

'Creating brighter futures'

I became a Parent Governor in autumn 2013, just after our 11 year old moved to Stanton Vale. It was clear to me that this school was a special place with some very dedicated people and I felt I wanted to support the work the school was doing with our children.

Although I have no formal background around schools I do have the experience of having a 23 year old daughter with special needs, and the enthusiasm to support the school to achieve the best possible outcomes for our children. I see my role as ensuring the school is delivering the quality of education and care not only that we as parents expect, but also that our children deserve.
