

'Creating brighter futures'

Hello all, my name is Kevin Martin and I am a governor here at Stanton Vale. I have been involved with governance here for over 4 years now. With a background in teaching and learning, I also chair the committee meeting for teaching and learning/community links. I became involved with the governance of Stanton Vale as I am keen to help drive the school to become the best it can for not only my daughter, who is a student here, but for all of the children and staff who attend.

K Martin
